ABOUT US

ActelGrup is a second-degree cooperative with 109 associated cooperatives from the autonomous communities of Aragón, Catalonia, Castile and León, Extremadura and the Valencian Community. The entity was founded in 1980 and today represents a leader in the Spanish and European food production sector in the field of oil, sweet fruit, citrus, cereals and alfalfa.

Our olive oil division was founded in 1980 in the heart of Les Garrigues, the cradle of the Arbequina olive, with the goal of producing the best extra virgin olive oil, fruit of the labour and commitment of our producing members and cooperatives. Thanks to tradition and decades of experience in olive oil production, our products stand out for their high quality and taste.

PRODUCTION AND VARIETY

There are hundreds of different olive varieties in the world, each with its own peculiarity, like the growing conditions, shape, colour, texture and taste of its fruits.

The Arbequina comes from the Spanish town of Arbeca in Catalonia. Its production is not as large as other olive varieties.

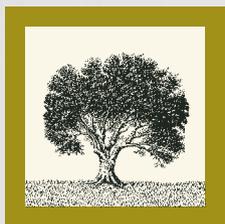

Arbequina olive oil is characterised by its balanced taste and aromatic hints of green almonds, tomatoes and artichokes.
